

Children's Wooden Educational Toy Instruction Manual

Product Name: Children's Wooden Educational Toy

Suitable Age: 3 Years Old and Above

1. Usage Instructions

This product is designed for children aged 3 and above to develop hands-on ability and creativity. Please follow the instructions below for proper use:

1. Use the product under adult supervision at all times. Children can independently perform assembling, splicing, or matching operations according to the attached reference drawings, or freely create unique shapes with their imagination.
2. During use, avoid excessive force when connecting or disassembling parts to prevent damage to the wooden structure.
3. After playing, promptly collect all parts and store them in a dry, clean, and well-ventilated container. This prevents part loss, deformation, or mildew caused by moisture.

2. Usage Restrictions

- Strictly prohibited for children under 3 years old. The product contains small parts, which may cause suffocation if swallowed accidentally.
- Do not bite the toy with teeth, or smash, step on, or throw the toy violently, as this may lead to cracking of wooden parts and potential injury.
- Do not use or store the product in humid, high-temperature, or direct sunlight environments. Avoid contact with water for a long time to prevent wood deformation, discoloration, or coating peeling.
- Do not modify, cut, or process the toy parts without authorization, as this may damage the product structure and violate safety standards.

3. Compliance Marks

This product complies with relevant international and national safety standards, with the following marks displayed on the product body and outer packaging:

- CE Mark (in accordance with EU toy safety directives)
- China 3C Certification Mark (in accordance with national toy safety standards)

4. Applicable Regulations and Harmonized Standards

This product meets the requirements of the following regulations and standards:

1. EU Directive: 2009/48/EC on the safety of toys
2. EU Standard: EN 71-1:2014 *Safety of toys - Part 1: Mechanical and physical properties*
3. EU Standard: EN 71-2:2020 *Safety of toys - Part 2: Flammability*
4. EU Standard: EN 71-3:2019+A1:2021 *Safety of toys - Part 3: Migration of certain elements*

5. Warning / Safety Information

Warning

1. This product contains small parts. Keep away from children under 3 years old to avoid suffocation hazard. Adult supervision is mandatory during use.
2. If any part is cracked, broken, or the surface coating peels off, stop using the product immediately and dispose of the damaged parts properly to prevent accidental swallowing or scratching.
3. Do not allow children to eat, drink, or run around while playing with the toy to avoid accidents caused by distraction.
4. The surface coating of the toy is non-toxic and meets food-grade safety standards, but it is not edible. Prevent children from biting the toy for a long time to avoid coating wear and tear.
5. Keep the toy away from open flames and high-temperature heat sources to avoid fire hazards and product damage.

⚠ATTENTION:

Not suitable for children under 36 months.

⚠ATTENTION:

Only for domestic use.

⚠ATTENTION:

To be used under the direct supervision of an adult.
